The Principles of Surgical Oncology: Surgery and Multimodality Therapy; Sep, E1–E14 [online]

MacIntire DK: The Editor’s Desk: Taking It Digital in 2010.... Dec, 565

Marino DJ: Intracranial Arachnoid Cysts in Dogs: Apr 160–168

Maritato KC: Pneumothorax: May, 232–242

Martorell J: Case Report: Ovarian Teratoma in a Mediterranean Tortoise; Apr, 193–198

McDonnell D: Pancarpal and Partial Carpal Arthrodesis; Apr, 180–192

McLoughlin MA: Surgical Views: Surgical Treatment of Urethral Sphincter Mechanism Incompetence in Female Dogs; Aug, 360–373

Mears E: Vomiting; Mar, 122–131

Michel KE: Editorial: Focus on Nutrition; Jan, 6. Focus on Nutrition: Using a Diet History to Improve Adherence to Dietary Recommendations; Jan, 22–24

Millard RP: Laryngeal Paralysis in Dogs; Apr, 193–196

Randell SC: Feline Infectious Peritonitis. Oct, E1–E9 [online]

Rankin AJ: Canine Glaucoma: Pathophysiology and Diagnosis; Oct, 450–453. Canine Glaucoma: Medical and Surgical Treatment Options; Oct, 454–460

Reinstein SL: Canine Glaucoma: Pathophysiology and Diagnosis; Oct, 450–453. Canine Glaucoma: Medical and Surgical Treatment Options; Oct, 454–460

Ritt MG: Renal Secondary Hyperparathyroidism in Dogs; Jun, E1–E11 [online]

Roach W: Obstructive Lesions and Traumatic Injuries of the Canine and Feline Tracheas; Feb, 86–93

Rudloff E: Perfusion Versus Hydration: Impact on the Fluid Therapy Plan; Dec, E1–E14 [online]

Ruth J: Clinical Snapshot: Poor Haircoat in a Persian; May, 208, 210

Sadler V: Vomiting; Mar, 122–131

Saunders AB: Canine Atrial Fibrillation; Nov, E1–E10 [online]

Savvas I: Analgesia for Small Animal Thoracic Surgery; Sep, 432–436

Schaefer C: Canine Primary Hyperparathyroidism; Aug, 382–390

Scherk M: Editorial: Feline Focus; Jun, 257

Schwartz P: Clinical Snapshot: Bladder Trauma in a Beagle; Nov, 503, 531–532

Schwarz T: Anesthesia, Diagnostic Imaging, and Surgery of Fish; Feb, E1–E9 [online]

Sereda CW: Surgical Views: Vacuum-Assisted Wound Closure Therapy: Application and Mechanism of Action; Dec, 566–573

Shaw S: Avian Transfusion Medicine; Dec, E1–E7 [online]

Silver GM: Case Report: Surgical Stabilization of a Craniovertebral Junction Abnormality With Atlanto-Occipital Overlapping in a Dog; Oct, E1–E6 [online]

Smith Bailey K: Intracranial Arachnoid Cyts in Dogs; Apr 160–168

Soto S: Case Report: Ovarian Teratoma in a Mediterranean Tortoise; Apr, 193–196

Spier A: The Renin–Angiotensin–Aldosterone System: Approaches to Cardiac and Renal Therapy; Jan, E1–E7 [online]

Stillion JR: Renal Secondary Hyperparathyroidism in Dogs; Jun, E1–E11 [online]

Stokes J: Acute Postrenal Azotemia: Etiology, Clinicopathology, and Pathophysiology; Nov, 520–530

Templeton MM: Clinical Snapshot: Bladder Trauma in a Beagle; Nov, 503, 531–532

Toibas KM: Laryngeal Paralysis in Dogs; May, 212–219

Tolbert MK: Tritrichomonas foetus: A New Agent of Feline Diarrhea; Aug, 374–381

Tonozzi CC: Perfusion Versus Hydration: Impact on the Fluid Therapy Plan; Dec, E1–E14 [online]

Tuffy T: Avian Transfusion Medicine; Dec, E1–E7 [online]

W von Pfeil DJF: The Epiphysial Plate: Physiology, Anotomy, and Trauma; Jul, E1–E12 [online]; The Epiphysial Plate: Nutritional and Hormonal Influences; Hereditary and Other Disorders; Jul, E1–E14 [online]

Webb JL: Squamous Cell Carcinoma; Mar, 133–142

Weber ES: Parasitology and Necropsy of Fish; Feb, E1–E7 [online]; Anesthesia, Diagnostic Imaging, and Surgery of Fish; Feb, E1–E9 [online]

Weiss C: Anesthesia, Diagnostic Imaging, and Surgery of Fish; Feb, E1–E9 [online]

White C: Feline Nonregenerative Anemia: Pathophysiology and Etiologies. May, E1–E7 [online]; Feline Nonregenerative Anemia: Diagnosis and Treatment; May, E1–E12 [online]

Whitemore JC: Liver Enzyme Elevations in Dogs: Physiology and Pathophysiology; Sep, 409–414; Liver Enzyme Elevations in Dogs: Diagnostic Approach; Sep, 416–425

Y Yu A: Applied Dermatology: Overview of Flea Allergy Dermatitis; May, 220–225

Z Zoran DL: Feline Obesity: Clinical Recognition and Management; Jun, 284–293
Beyond Blood Gases: Making Use of Additional Oxygenation Parameters and Plasma Electrolytes in the Emergency Room; Oct, E1–E5 [online]

Endocrinology
Renal Secondary Hyperparathyroidism; Jun, E1–E11 [online]
Canine Primary Hyperparathyroidism; Aug, 382–390

Exotics
Lead and Zinc Intoxication in Companion Birds; Jan, E1–E12 [online]
Parasitology and Necropsy of Fish; Feb, E1–E7 [online]
Anesthesia, Diagnostic Imaging, and Surgery of Fish; Feb, E1–E9 [online]
Case Report: Ovarian Teratoma in a Mediterranean Tortoise; Apr, 193–196
Avian Transfusion Medicine; Dec, E1–E7 [online]

Feline Medicine
The Diagnostic Approach to Fever of Unknown Origin in Cats; Jan, 26–31
Understanding Behavior: Feline Hyperesthesia Syndrome; Mar, 116–121, 132
Feline Nonregenerative Anemia: Pathophysiology and Etiology; May, E1–E7 [online]
Feline Nonregenerative Anemia: Diagnosis and Treatment; May, E1–E12 [online]
Editorial: Feline Focus; Jun, 257
Feline Obesity: Clinical Recognition and Management; Jun, 284–293
Feline Focus: 2008 AAFP Senior Care Guidelines; Sep, 402–407
Feline Infectious Peritonitis: Oct, E1–E9 [online]
Feline Struvite Urolithiasis; Dec, 546–554
Feline Obesity: Clinical Recognition and Management; Jun, 284–293
Feline Focus: 2008 AAFP Senior Care Guidelines; Sep, 402–407
Perfusion Versus Hydration: Impact on the Fluid Therapy Plan; Dec, E1–E14 [online]

Gastroenterology
Surgical Views: Laparoscopic-Assisted and Laparoscopic Prophylactic Gastropexy: Indications and Techniques; Feb, 58–65
Vomiting; Mar, 122–131

Hematology
Immunosuppressive Therapy for Canine Immune-Mediated Hemolytic Anemia; Jan, 33–41
Feline Nonregenerative Anemia: Pathophysiology and Etiology; May, E1–E7 [online]
Feline Nonregenerative Anemia: Diagnosis and Treatment; May, E1–E12 [online]
Avian Transfusion Medicine; Dec, E1–E7 [online]

Immunology
The Diagnostic Approach to Fever of Unknown Origin in Dogs; Jan, 14–21
The Diagnostic Approach to Fever of Unknown Origin in Cats; Jan, 26–31
Immunosuppressive Therapy for Canine Immune-Mediated Hemolytic Anemia; Jan, 33–41

Infectious Disease
The Diagnostic Approach to Fever of Unknown Origin in Dogs; Jan, 14–21
The Diagnostic Approach to Fever of Unknown Origin in Cats; Jan, 26–31
Trichomonas foetus: A New Agent of Feline Diarrhea; Aug, 374–381

Liver Enzyme Elevations in Dogs: Physiology and Pathophysiology; Sep, 408–414
Liver Enzyme Elevations in Dogs: Diagnostic Approach; Sep, 416–425
Feline Infectious Peritonitis; Oct, E1–E9 [online]

Neurology
Canine Thoracolumbar Intervertebral Disk Disease: Pathophysiology, Neurologic Examination, and Emergency Medical Therapy; Mar, E1–E13 [online]
Clinical Snapshot: Pekinese With Acute Onset of Collapse; Mar, E1–E3 [online]
Intracranial Arachnoid Cysts in Dogs; Apr 160–168

Nutrition
Editorial: Focus on Nutrition; Jan, 6
Focus on Nutrition: Using a Diet History to Improve Adherence to Dietary Recommendations; Jan, 22–24
Focus on Nutrition: Antioxidants in Cancer Treatment: Helpful or Harmful?; Apr, 154–158
Feline Obesity: Clinical Recognition and Management; Jun, 284–293
Focus on Nutrition: Regulation of Pet Foods in the United States; Jul, 324–328
Focus on Nutrition: US Pet Food Regulation: Hot Topics; Oct, 462–466

Oncology
Squamous Cell Carcinoma; Mar, 133–142
Focus on Nutrition: Antioxidants in Cancer Treatment: Helpful or Harmful?; Apr, 154–158
Case Report: Ovarian Teratoma in a Mediterranean Tortoise; Apr, 193–196
Intracranial Meningioma in Dogs and Cats: A Comparative Review; Jul, 330–339
The Principles of Surgical Oncology: Diagnosis and Staging; Sep, E1–E13 [online]
The Principles of Surgical Oncology: Surgery and Multimodality Therapy; Sep, E1–E14 [online]

Ophthalmology
Canine Glaucoma: Pathophysiology and Diagnosis; Oct, 450–453
Canine Glaucoma: Medical and Surgical Treatment Options; Oct, 454–460

Orthopedics
Canine Thoracolumbar Intervertebral Disk Disease: Pathophysiology, Neurologic Examination, and Emergency Medical Therapy; Mar, E1–E13 [online]
Canine Thoracolumbar Intervertebral Disk Disease: Diagnosis, Prognosis, and Treatment; Mar, E1–E14 [online]
Pancarpal and Partial Carpal Arthrodesis; Apr, 160–192
The Epiphysial Plate: Physiology, Anatomy, and Trauma; Aug, E1–E12 [online]
The Epiphysial Plate: Nutritional and Hormonal Influences; Hereditary and Other Disorders; Aug, E1–E14 [online]

Pain Management
Anesthesia for Small Animal Thoracic Surgery; Sep, 432–436

Parasitology
Parasitology and Necropsy of Fish; Feb, E1–E7 [online]
Trichomonas foetus: A New Agent of Feline Diarrhea; Aug, 374–381

Pharmacology
Vomiting; Mar, 122–131
Liver Enzyme Elevations in Dogs: Physiology and Pathophysiology; Sep, 408–414
Liver Enzyme Elevations in Dogs: Diagnostic Approach; Sep, 416–425
